

App\Http\Controllers
\Controller

```
graph BT; ThemeController[App\Http\Controllers\\ThemeController] --> Controller[App\Http\Controllers\\Controller];
```

The diagram illustrates a class inheritance relationship. At the bottom is a gray box labeled 'App\Http\Controllers\\ThemeController'. A blue arrow points upwards from this box to a white box at the top labeled 'App\Http\Controllers\\Controller'. This indicates that ThemeController inherits from the base Controller class.
