

BaseTestCase

```
classDiagram
    class BaseTestCase
    class Tests_TestCase["Tests\TestCase"]
    Tests_TestCase --|> BaseTestCase
```

The diagram illustrates a class hierarchy. At the top is a white box labeled 'BaseTestCase'. Below it is a gray box labeled 'Tests\TestCase'. A blue arrow points from the 'Tests\TestCase' box up to the 'BaseTestCase' box, indicating that 'Tests\TestCase' inherits from 'BaseTestCase'.

Tests\TestCase
